Remarks

Claims 1-69 were originally filed with the present application. The Office action dated 27 March 2006 identified five groups of inventions in the claims and required election of a single group for prosecution. The groups were characterized as:

- I. Claims 1-9 charge transfer-promoting material
- II. Claims 10-20 articles containing charge transfer-promoting material
- III. Claims 21-39 electronic devices containing the charge transfer-promoting material
- IV. Claims 40-45 method for making charge transfer-promoting material
- V. Claims 46-69 method for making electronic devices containing the charge transfer-promoting material

Applicants elect the invention of Group I, without traverse. In accordance with the requirement for restriction for restriction, claims 10, 17, 21, 30, 38 and 39 are herewith amended to depend from claim 1, and now fall within Group I. Claims 40-69 are canceled. Applicants respectfully request examination of all claims remaining herein, that is, claims 1-39.

Respectfully submitted,

Mary Louise Gioeni
